

GUBERNATORIAL CANDIDATES SPEAK AT "ROAR-B-QUE"

Revive Our American Republic (ROAR) sponsored a free "ROAR-B-QUE" on Saturday August 29, 2009 which was deemed a huge success as attested by many people who participated in the event. This picnic held at Tony Grampsas Park in Golden, CO was attended by approximately 300 members and guests. We were honored to have Congressman Bob Beauprez as our Master of Ceremonies. He expressed his insight on the direction that the current administration is driving our country and also affirmed the importance of a grassroots organization such as ours to take action in making a positive impact in the future. The focus of the event was on two of the 2010 Colorado gubernatorial candidates, Senator Josh Penry and Dan Maes. It was a great opportunity for our guests to meet and hear from these candidates early in the race for the mid-term election next year. We appreciate the time these candidates afforded us and for sharing with the audience their views, stances, and vision for Colorado. After their speaking engagements, Senator Josh Penry and Dan Maes answered questions posed by four of the ROAR committee chairmen relating to economy, energy, immigration, and national security/2nd amendment rights. Penry and Maes then mingled with the audience and answered one-on-one questions and addressed concerns and comments. ROAR is pleased to have provided these candidates an opportunity to present their platform.

A special thank you to everyone who joined our organization at the ROAR-B-QUE! We extend a warm welcome to all of you and we appreciate your support. The number of new member sign-ups far surpassed that of any of the previous ROAR membership drives and we are grateful for the like-minded responsible citizens who have joined us in our first step of having a positive influence on the upcoming elections. We, the American people, can make a difference and the larger our member base, the greater our chance of making our mission a success!
